The new Cappuccino Station for your Home

Whether the One-Touch Cappuccino function for trend specialities such as latte macchiato, flat white and cappuccino or the Pulse Extraction Process (P.E.P.®) that optimises the extraction time and guarantees the very best aroma for short speciality coffees – kitted out with the latest JURA technologies, the new E8 conjures up an impressive range of speciality coffees at the touch of a button.

CLARIS Smart provides pure water for a pure taste. Filter usage has never been easier because the Intelligent Water System (I.W.S.®) automatically detects filter presence.

50% more specialities

JURA's most successful coffee machine has been refined even further. The E8 now prepares a total of 12 different specialities at the touch of a button. It now also offers hot water for green tea, special coffee, espresso doppio and macchiato at the touch of a button.

Professional fine foam frother G2

The new professional fine foam frother G2 is made from the highest-quality materials and has a stunning look and feel. Specially designed for the preparation of speciality coffees with milk and milk foam, it makes latte macchiato and other beverages with the very best fine-textured foam every time and never fails to impress with its particularly intuitive operating concept.

More beautiful than ever

The water tank in premium ridged design accentuates the clear design concept. The tactile qualities of the tank's metal handle convey quality. What's more, the new, chrome-plated cup grille superbly showcases the perfect speciality coffees. And on top all of these features, it's great to look at too!
